MEMORANDUM FOR:

SUBJECT : Proposed ORD Follow-on Contract with
 25X1A

1. Although the contract is clearly a follow-on, I note that the ADP sheet, 2799a, leaves the type of contract blank. In addition, Item 2I indicates that a contractor plan exists and one is spelled out in an accompanying green sheet. If this data is not entered now, when does it go in? In this case, the effective date is pretty clearly 14 February because the end date for the current contract is 13 February.

2. Until the DD/S&T has approved the package, the Project Officer obviously has lots of incentive to get the data in. Once the DD's signature is affixed, however, what sort of carrot does one use?
